Aim

K.H.Kempen Summer University aims at fostering intercultural skills within different fields of study at your choice.

You will have the chance to meet and network with highly recognized experts.

Each course listed in the survey on p.3 will last two weeks - you may only choose one course per period.

After successfully completing a two-week course (or two consecutive courses) you will not only be awarded a certificate but also earn four ECTS credits if they are accepted by your own university (college).

All courses include complementary workshop sessions with theoretical and practical content offered by academic faculty members.

By combining theory and practice, the Summer University curriculum adds a USP to your CV.

Studying in Geel

K.H.Kempen University College is situated in the Kempen, a dynamic region in the province of Antwerp in Flanders, the Dutch-speaking part of Belgium. It comprises 60 degree courses and has more than 7,200 students. It maintains excellent connections with business and industry in the Kempen region and beyond. More information on www.khk.be/english
